Direct Give Campaign (DGC)

THANK YOU! The DGC has come to a close, and we want to extend our sincere thanks to each and every one of you for your inspiring support.

PIZZA WINNERS – Congratulations Grade 5 and 6 for winning the pizza party! Your grade reps and/or room parents will be in touch soon.

RESULTS – This year, we raised \$442,652, just shy of our goal (\$468k), and we expect to see \$138,025 in company matches. Thank you for your diligence to ensure your donation is matched by eligible employers.

HOW DID WE DO? Please take this survey to provide your feedback so we can continue to make our community stronger. All responses are anonymous:

Meet the First Grade Teachers

Mrs. Judy Chen 楊老師
Room 3

What's the best thing about your job?

The best thing about my job is seeing my students smile when they have solved a problem by themselves. It is the great aha moments that make me feel happy.

What's a special memory you have of the kids?

A special memory I have of the kids is sharing my room with them while they are eating lunch. Besides eating, they shared their thoughts and stories. It was the time spent together with the kids that made it special.

Anything else you'd like to share with the CLIP community?

To the CLIP community, thank you so much for your support and help, it means so much for your child that we are working together to help them grow. Thank you, and you are the best!

Ms. Juiling Sung 宋老師
Room 4

What's the best thing about your job?

The best thing about my job is the privilege to connect with a lovely and lively community where I can work with like-minded staff, be appreciated by supportive parents, and be surrounded by students who look up to me.

What's a special memory you have of the kids?

One of my cherished memories is from a former student who approached me at the end of his 5th grade, saying, "Ms. Sung, you are my favorite teacher!" Another touching moment was when a parent confided in me, "My daughter had thought of quitting Chinese until she met you." I value all the positive feedback, whether expressed in words, smiles, or through cards adorned with drawings or writings from students and parents. I hope that the time I've spent with students will leave behind fond memories in each young heart.

Anything else you'd like to share with the CLIP community?

I am very proud to be a part of the CLIP community and appreciate all its support! I would love to see it grow even better and stronger!

Meet the First Grade Teachers

Ms. Louisa Liang 梁老師
Room 15

What's a special memory you have of the kids?

One of my favorite memories from last year is watching my students feed Peanut. I enjoyed bringing her and making my students excited about school. To our surprise, it seemed that Peanut was able to tell my students apart. During feeding time, she remembered and liked to approach the ones who had been very gentle with her. My students last year loved Peanut and often included her in their literature and artworks.

Mrs. Anna Tsai 蔡老師
Room 16

What's the best thing about your job?

What I find enjoyable about my job is that it often doesn't even feel like work. I love what I do; it brings me joy to be with a new group of children each year and witness their growth and development. The constant elements of excitement and unpredictability guarantee that there's never a dull moment in my day.

What's a special memory you have of the kids?

I have many fond memories of my students. Every year, on the first day of school, one of my former students, now in high school, visits me on campus to wish me a happy start to the school year. It deeply touches me to see a former student who still holds a special place for her first-grade teacher. Of course, she holds a very special place in my heart.

One recent memory is also especially significant. A former student sent me an email the other day, expressing that I had played a significant role in her early school experience. While she couldn't pinpoint the specific reasons she enjoyed first grade, she distinctly recalled that she enjoyed being in my class and because of me, she liked school. Knowing that I had made a positive impact on a student's life is what truly gives meaning to this profession.

Anything else you'd like to share with the CLIP community?

The unexpected treats we get from CLIPCO from time to time are really appreciated by us teachers.

Meet the First Grade IAs

CLIPCO

Ms. Chiao-Ju Liu 劉老師
IA in Room 3 & 4

What's the best thing about your job?

The best thing about my job is witnessing the children's learning and growth, establishing connections, and nurturing positive relationships with them. Each child is unique, and I'm grateful for the opportunity to get to know each of them and make a meaningful impact on their lives.

What's a special memory you have of the kids?

I have a cherished memory of assisting a student in understanding a difficult math concept. The joy and excitement that showed on her face was an unforgettable moment for me.

Anything else you'd like to share with the CLIP community?

Learning two languages simultaneously is a remarkable challenge, and I am continually amazed by how well our students handle it. Achieving this success takes dedication, trust, love, and the support of everyone in our CLIP family. Let's cherish our achievements and remain committed.

Ms. Liang-Hui Lee 李老師
IA in Room 15 & 16

What's the best thing about your job?

The best thing of my job is to know all the teachers and staffs working toward the same goal to cultivate our next generation to be fluent bilingual citizens.

What's a special memory you have of the kids?

When I work here, it is very special to see children grow and improve everyday in every aspect.

Anything else you'd like to share with the CLIP community?

I have been an active parent and a staff member in this CLIP community for 16 years. I appreciate that both of my children grew up in this community and are fluent in both Mandarin and English. The most impactful program for my daughter in CLIP is ASEP. She has learned Dizi since 3rd grade and is still an active Dizi performer now. I want to express my appreciation to our unique program. I am so honored to be one of the community members.

Meet the First Grade Reps

Jim Pacella

DGC Chair
CLIPCO Auditor

Introducing Jim "The iDad" Pacella, the man who can transform everyday moments into extraordinary adventures! When he's not managing his operations team at Apple, Jim's busy ruling the kingdom with his lovely wife, Nan, and their two pint-sized princesses, Olive (Grade 1, Rm 15) and Chloe (Kinder 2025).

You might think that Jim's tech-savvy skills are his most impressive achievement, but there's so much more to this captivating character. His secret to maintaining a Zen-like balance between work and family? Well, it's no secret at all: it's his love for a good glass of wine. They say an apple a day keeps the doctor away, but Jim's motto is "a glass of wine a day keeps the stress at bay." When he's not busy raising funds for DGC or parenting his adorable astronaut-unicorns, Jim can be found in his kitchen, channeling his inner artisanal baker and toiling away on his next batch of homemade sourdough bread.

So, whether you need advice on corporate donation matching, a top-notch wine recommendation, or a lesson in breadmaking (complete with some fantastic dad jokes on the side), Jim is your go-to guy. He's not just an expert in technical operations, but he's also the "yeast" you can count on for a "raisin"-able laugh or two at your PTA meetings!

2023-2024 John Muir SCIENCE FAIR!!

OPEN TO ALL GRADES K-5!!

What: Working as an individual or team of 2 or 3, your child can show a display, demonstrate experimental results or reveal their research.

When: Posters to be displayed the week of December 4, 2023 in the GLC. Students will bring projects to school on Monday, December 4 before the start of school and pick up projects on Thursday, December 7 at the end of school.

How: Go to <https://cusdclipco.org/special-event/> to find links for **both** steps below by **November 17, 2023 at 9am.**

1. Each project must register by submitting a [John Muir Elementary Science Fair Entry Form](#). You do not need to finalize your science project idea before you register.

2. Join the [Konstella Science Fair Group](#). Konstella is the only way to get further instructions and updates.

Free to participate. CLIPCO will be giving away poster boards to the first 150 applicants/groups who properly register first. Pick-up display board in front of the office during drop off ~8:20-8:30 or pick up ~2:25-3:05 on November 6, 2023 and November 16, 2023.

Foster the spirit of scientific inquiry and sign up!

A great learning opportunity and chance for you to engage with your child! You don't have to be a scientist to help your child learn. No child is too young to have fun with science & math!!

The first 200 applicants will receive a participation medal with new Husky Logo.
Register to participate in the Science Fair by November 17, 2023 at 9am.

Questions? Please ask in the [Konstella Science Fair Group](#).
