Meet the Third Grade Teachers

Ms. Ying Yi Zhong 鍾老師
Room 11 - Chinese teacher

What's the best thing about your job?

The best thing about my job is the feeling of contributing to the future generations

What's a special memory you have of the kids?

Here is one about a student's work after I taught them a unit of classical Chinese 5-character poems. The assignment was that they had to write a classical 5-character poem by themselves that follows the rhyming rules. A student wrote a poem about me: 「鍾老師很棒，一點都不胖，上課很有趣，說笑又歌唱。」 It made me laugh.

Anything else you'd like to share with the CLIP community?

Heart-felt appreciation to all volunteers from parents and my colleagues. Thank you for all you do.

Ms. Yii Wen Chuah 蔡老師
Room 12 - English teacher

What's the best thing about your job?

I don't have to question whether I'm doing meaningful work. Teaching is always a job worth doing.

What's a special memory you have of the kids?

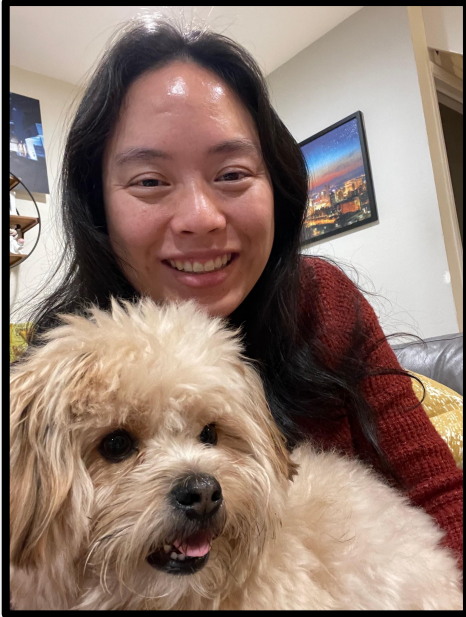

Both classes were so excited to observe mealworms going through the stages of their life cycle for science class. Spending my weekend going to the pet store to buy the mealworms, drilling holes in the lids of takeout containers, chopping up vegetables for mealworm food, and dividing 50 mealworms one by one equally among six containers was worth it after all.

Anything else you'd like to share with the CLIP community?

Happy new year! May you accomplish all your goals in 2024.

Meet the Third Grade Teachers

Ms. Pam Wu 吳老師
Room 13 - English teacher

With my very fluffy dog who needs a haircut, Truffle!

What's the best thing about your job?

The best thing about my job is getting to see the growth my students make as we progress through the year. I also love seeing the smiles on everyone's faces when they check their scores on their assessments and see how they do and how much they've improved. It just shows how much learning is happening in the classroom every day!

What's a special memory you have of the kids?

We just finished reading *The Year of the Dog* by Grace Lin. My students always looked forward to read-aloud time and never wanted me to stop after a chapter was done. It was fun to see how many of them could relate to the main character's experiences in the story (celebrating Lunar New Year, participating in her school's science fair and musical, etc.) which is probably why they enjoyed the book so much.

Anything else you'd like to share with the CLIP community?

I'm excited to be back in the Mandarin-immersion world again! Having taught at a Mandarin-immersion school in the past, there's just something about this sort of community that makes it feel like a second home. I love hearing both Mandarin and English being spoken whenever I am walking around on campus. I also love how this is a safe space for students to explore and embrace two different cultures. I know I would've loved being at a school like this when I was kid. It's a great place to be!

Ms. Dan Liao 廖老師
Room 14 - Chinese teacher

What's the best thing about your job?

The best thing about my job is to see my students make progress every day. They are doing better than themselves when they were yesterday. I feel so proud of them when my quiet students begin to raise their hands and when my struggling students start to do their work.

What's a special memory you have of the kids?

The first day after Thanksgiving break, when I saw my students' writing notes on my table, my tears were in my eyes for their empathy and appreciation. They made me feel that my job was valued and they cared about me. I love them.

Anything else you'd like to share with the CLIP community?

I love painting and cooking if I am available. The two hobbies allow me chances to express my feelings and emotions without words

Meet the Third Grade IAs

Sponsored by
CLIPCO

Ms. Jin Huang 黃老師
Chinese IA

What's the best thing about your job?

I greatly appreciate the bonds I have with the students, which gain me their trust that in turn encourages them to ask for or accept my help with their daily tasks. I feel privileged and fulfilled to see them growing and to know that I can be of some help.

What's a special memory you have of the kids?

My earliest memory as a clip IA dates back to the months before COVID-19 broke out. I worked with Ms Chiang (then 3rd grade Chinese teacher) to help the kids with their Chinese reading and writing. Through one-on-one meetings, I got to understand the fantasy stories plotted in the students' mind and guide them to write organized paragraphs. Seeing how eager most kids were to learn and progress, I was deeply touched. In those mornings, time seemed to fly by extra fast. Unfortunately, classes were soon transformed to a virtual experience due to shelter-in-place... This memory reminds me of my original intention for this job that I am still enjoying to this day.

Anything else you'd like to share with the CLIP community?

I'd like to share a quote by Charlemagne : "To have another language is to possess a second soul." (In French : Avoir une autre langue, C'est posséder une deuxième âme.) Though we're not sure of what Charlemagne exactly meant when he said that, it still sounds like a pearl of wisdom to many who are on the journey to multilingualism. I hope you'll find it inspiring as well.

Ms. Ann Nagamatsu
English IA

What's the best thing about your job?

The best thing about my job is that I get to work with every third grade student at Muir!

What's a special memory you have of the kids?

Something that touches my heart - when students, especially the ones I recently met, go out of their way to greet me in the hallways and playground.

Anything else you'd like to share with the CLIP community?

I feel extremely grateful and lucky to be working with so many aspects of our school. I have the opportunity to work with our teachers and IAs, our parent volunteers, and so many of our students.

Meet a Second Grade Teacher

Oops! We missed a dear teacher in the previous CLIPPER.

Ms. Yanan Tao 陶老師

Room 10 - Chinese teacher

What's the best thing about your job?

My job gives me possibilities to try something new to enhance students' learning and allows me to see their improvements each day.

What's a special memory you have of the kids?

I cherish lots of memorable moments each year with my students. There is nothing else better than seeing children get inspired, embrace challenges, work hard and feel proud of themselves. Here is a fun one I always remember: During a rainy day when we had indoor lunch, one child was so surprised to see my lunch box with white rice, tofu, vegetables... "Mrs. Tao..." he hesitated, "I thought teachers eat APPLES." I smiled, said Yes and sang, "I like to eat, eat, eat apples and bananas...and Chinese food..." Then we all laughed...

Anything else you'd like to share with the CLIP community?

Lost & Found

The Lost & Found located on the shelves behind the office has been cleaned up and is ready for a fresh new start. As we approach a new year, we are testing out a Konstella group in an effort to unite lost items with their owners. Join [Lost & Found on Konstella](#) for semi-weekly pictures. Feedback and suggestions are welcome.

Tips:

- Label your children's items. Water bottles, headphones, lunch containers.
- Clothing, especially hats and outerwear that can be taken off, should be labeled.
- Sharpie, printed labels or Mabel's Labels (see next page) all work.
- If you label your items, check them periodically. Sharpies/pens fade, labels fall off sometimes.
